Sample Animal Shelter Inspection Form

Each time you visit or volunteer at the shelter, come prepared with a form like this one to help you document conditions. If possible, make notes on as many different occasions as possible. During your visits, take photographs if you can, and write down approximate dates and times, describing what you have seen. Don't forget to collect and save any newspaper articles or tapes of news broadcasts relating to the shelter. All of this documentation can prove invaluable when you meet with officials to discuss problems and solutions.

On the other hand, positive presentations in the shelter could give the family a false sense of security, which would make them lower our guard in the first critical days in their home. For many years we carry out dog presentations to dogs, but we no longer offer them because we have discovered that the dogs are not indicative of how the dogs interact outside the building. If you expect to go out with a new pet, all cats should be in a transport and dogs should wear a strap. The process of adoption usually lasts at least one hour. We recommend that you leave enough time to meet your new partner and complete the process. Before your visit, please fill in our abutment profile online with ante and stay in the file for 2 months. Having a higher adoption fee for some animals that will find a home quickly allows us to take care of animals that need a medical and behavioral intervention to save lives, which are with us by more weather. Did the animals have restrictions that limit with who can go home? In cases where the introductions in the shelters were not well, it was banned that the dog was to a family with which it would have been clearly felt if it was introduced into a less stressful environment. For this reason, we operate in order of arrival and we can not accept suspended calls. Shelters are full of sounds, odors and distractions, so the dogs could not have a true sensation of the personality of the other dog.

To expedite the adoption process, please complete the cat or dog adoption form and bring a printed copy with you to the SF SPCA Adoption Center (Hours & Location).
